SUMMARY

Data Annotation Specialist with 2.6 years of experience in annotating image and video data for AI/ML models, including 2D bounding boxes, semantic segmentation, lane detection, and keypoint annotation. Proficient in tools like CVAT, Dataloop, and Label Studio. Backed by 6+ years of total experience, including roles in document digitization, data entry, and EPFO operations. Strong in quality control, data accuracy, and workflow optimization across annotation projects and data-driven support functions.

SKILLS

Data Annotation: 2D Bounding Box, Labelling, Semantic Segmentation, Lane and Keypoint Annotation.
Data Processing: Document Digitization, Accuracy & Error Checking, Data Cleaning & Validation, Database Management, Data Entry.
EPFO Operations: EPF/Pension Scheme Processing, Compliance with EPF Act & Regulations, UAN/ KYC Management, Government Portals (EPFO Member Portal).
Tools: MS Office | Word | Excel | PowerPoint | Abbyy FineReader | CVAT | DataLoop | Label studio

WORK EXPERIENCE

Senior Associate - Data Annotation

Jul 2023 - Present

OLA Electric Technologies Pvt. Ltd

Bangalore, Karnataka

Via LabourNet Services India Pvt. Ltd./ Bhilwara Infotechnology Ltd

- Specialized in 2D bounding boxes, semantic segmentation, and lane annotations for computer vision and NLP models using CVAT, Dataloop, and Label Studio.
- Revamped existing annotation workflows by collaborating with data scientists and ML engineers, resulting in an increase of dataset quality by 25%, ultimately improving model performance metrics and user satisfaction scores.
- Conducted rigorous quality assurance checks to maintain dataset accuracy, consistency, and compliance with project requirements.
- Delivered structured, annotated datasets that directly contributed to improved model performance and reliability in autonomous systems.

Executive - Data Entry

Jan 2023 – Apr 2023

Kuzagan Technologies Pvt. Ltd

Bangalore, Karnataka

- Partnered with clients to define branding objectives and customize educational content, ensuring alignment with corporate identity and regional preferences.
- Adapted content, design, and visuals for white-label educational materials while maintaining strict quality and accuracy standards.
- Conducted quality assurance reviews to verify formatting consistency, design integrity, and compliance with client specifications.
- Provided ongoing client support, addressing feedback and resolving queries to enhance learner engagement and satisfaction.

Senior Executive – Finance and Accounts

Oct 2022 – Dec 2022

Wipro Limited

Bangalore, Karnataka

Via Appaji & Co. Chartered Accountants

- Ensured EPF Act compliance by implementing policies and monitoring regulatory requirements for employee provident fund administration.
- Managed PF account services, including enrollments, KYC updates, and timely resolution of employee queries regarding social security benefits.
- Maintained accurate EPF records and documentation to ensure audit readiness and efficient reporting.
- Facilitated seamless delivery of statutory benefits to employees while adhering to organizational and government regulations.

Data Annotation Engineer

KPIT Technologies

Via True view HR Consulting Pvt. Ltd

Nov 2021 – May 2022

Bangalore, Karnataka

- Created precise 2D bounding box, keypoint, and lane annotations for computer vision and autonomous driving systems using industry-standard tools.
- Maintained strict quality standards through rigorous validation checks, ensuring dataset accuracy for AI/ML model training.
- Optimized annotation workflows to enhance labelling efficiency and consistency across large-scale datasets.
- Delivered structured training datasets that directly contributed to the development of high-performance machine learning models.

Data Processing Officer

Stream Perfect Global Services

Mar 2017 – Apr 2021

Kochi, Kerala

- Executed high-volume document digitization with 100% content accuracy, converting physical materials into searchable digital formats using OCR tools.
- Ensured data integrity preservation by meticulously maintaining original text, graphics, and layout during conversion processes.
- Optimized translation workflows by preparing digitized documents compatible with professional translation software (Trados).
- Enhanced multilingual content delivery by bridging analog-to-digital conversion needs for global clients and stakeholders.

EDUCATION**Mahatma Gandhi University***Bachelor of Arts English Language and Literature, Kerala, India***Apr 2013 - Mar 2016****LANGUAGES**

English (Fluent), Malayalam (Fluent), Hindi (Intermediate)
